

LRT: THIS IS NOT YOUR GRANDMA'S STREETCAR

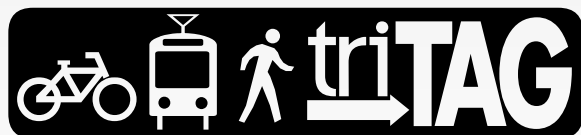

THIS IS A
MODERN
(CLEAN FAST EFFICIENT AFFORDABLE)
LIGHT RAIL
VEHICLE

This has the power to build condos, create business opportunities, and save you money on gas.

If you want to ride this to work, speak up now – naysayers and NIMBYs threaten to kill Phase I of Waterloo Region's Light Rail project because they think you won't use LRT.

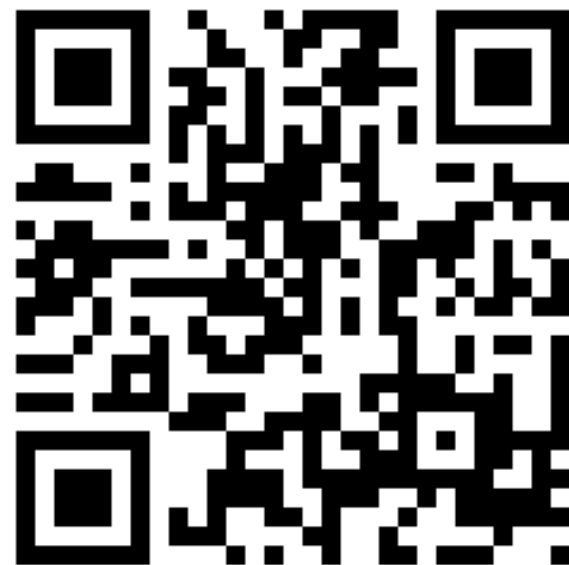

Use the link on the right to send an e-mail to your Regional Councillors. Make sure they know that you want them voting YES on Light Rail Transit.

Together, we can build the future we want.

TriTAG is a volunteer organization advocating improvements to walking, cycling, and public transit in Waterloo Region.
